

TG Therapeutics, Inc. to Present at Upcoming Investor Conferences

September 28, 2018

NEW YORK, Sept. 28, 2018 (GLOBE NEWSWIRE) -- TG Therapeutics, Inc. (NASDAQ:TGTX) today announced its participation at two upcoming investor conferences. Michael S. Weiss, the Company's Executive Chairman and Chief Executive Officer, is scheduled to present at the following conferences:

- The Cantor Fitzgerald Global Healthcare Conference, on Monday, October 1, 2018 at 2:20pm ET, being held at the InterContinental New York Barclay Hotel in New York City.
- The Ladenburg Thalmann 2018 Healthcare Conference, on Tuesday, October 2, 2018 at 1:00pm ET, being held at the Sofitel New York Hotel, also in New York City.

A live webcast of each presentation will be available on the Events page, located within the Investors & Media section, of the Company's website at <http://ir.tgtherapeutics.com/events>.

ABOUT TG THERAPEUTICS, INC.

TG Therapeutics is a biopharmaceutical company focused on the acquisition, development and commercialization of novel treatments for B-cell malignancies and autoimmune diseases. Currently, the company is developing two therapies targeting hematological malignancies and autoimmune diseases. Ublituximab (TG-1101) is a novel, glycoengineered monoclonal antibody that targets a specific and unique epitope on the CD20 antigen found on mature B-lymphocytes. TG Therapeutics is also developing umbralisib (TGR-1202), an orally available PI3K delta inhibitor. The delta isoform of PI3K is strongly expressed in cells of hematopoietic origin and is believed to be important in the proliferation and survival of B-lymphocytes. Both ublituximab and umbralisib, or the combination of which is referred to as "U2", are in Phase 3 clinical development for patients with hematologic malignancies, with ublituximab also in Phase 3 clinical development for Multiple Sclerosis. Additionally, the Company has recently brought its anti-PD-L1 monoclonal antibody into Phase 1 development and aims to bring additional pipeline assets into the clinic in the future. TG Therapeutics is headquartered in New York City.
