TG Therapeutics, Inc. to Present at the 25th Annual ROTH Conference

Presentation Scheduled for Tuesday March 19, 2013 at 11:30 AM PDT

NEW YORK, March 18, 2013 (GLOBE NEWSWIRE) -- TG Therapeutics, Inc. (TGTx) today announced that Michael Weiss, the Company's Interim Chief Executive Officer, will be presenting at the 25th Annual ROTH Conference being held at the Ritz Carlton Hotel in Dana Point, California. Mr. Weiss' presentation is scheduled to take place on Tuesday, March 19, 2013 at 11:30 AM PDT. A live webcast of this presentation will be available on the Events page of the Company's website at www.tgtherapeutics.com.

ABOUT TG THERAPEUTICS, INC.

TG Therapeutics is an innovative, clinical-stage biopharmaceutical company focused on the acquisition, development and commercialization of medically important pharmaceutical products for the treatment of cancer and other underserved therapeutic needs. Currently, the company is developing two therapies targeting hematological malignancies. TG-1101 (ublrituximab) is a novel, third generation monoclonal antibody that targets a specific and unique epitope on the CD20 antigen found on mature B-lymphocytes. TG Therapeutics is also developing TGR-1202, a highly specific, orally available PI3K delta inhibitor. The delta isoform of PI3K is strongly expressed in cells of hematopoietic origin and is believed to be important in the proliferation and survival of B-lymphocytes. Both TG-1101 and TGR-1202 are in clinical development for patients with hematologic malignancies. TG Therapeutics is headquartered in New York City.
